

# Computer Network I Road map

Dr. Ahmed ElShafee

1

Dr. Ahmed ElShafee, ACU Spring 2011, Distributed Systems

## General information

Course name, Code	Distributed System, CNE403
Pre-requisite	Network I
Credit hours	3
Number of lectures	15
Date, time, place	Sunday, 09:00 AM ~ 12:00 PM Class 1216
Text book	W.Stallings, "Data and Computer Communications", 8 <sup>th</sup> edition, 2008.

Email	<a href="mailto:email@draelshafee.net">email@draelshafee.net</a>
Presentations and materials	<a href="http://www.Draelshafee.net">www.Draelshafee.net</a>

Dr. Ahmed ElShafee, ACU Spring 2011, Networks I

## Course description

Provides the basic skills to understand, and operate simple Computer Network.

3

Dr. Ahmed ElShafee, ACU Spring 2011, Networks I

## Course objective

This course is designed to provide the students with the fundamentals computer network.

4

Dr. Ahmed ElShafee, ACU Spring 2011, Networks I

## Course outcomes

---

### **Learning Outcomes**

After completing this course the students will be :

- 1) Familiar with the fundamentals computer network.
- 2) Able to operate and maintain computer network convenient for different applications and case studies.

5
